Land is required for the construction of a School by the Roman Catholic Mission & the school is said to be open to the children of all communities. This acquisition is held to be for a public purpose & it is also stated that the Missionaries have been unsuccessful in getting the land by private negotiation. Acquisition proceedings are resorted to. The acquisition cost is to be met by the R.C.M. who will be reimbursed by the Roman authorities

For favour of opinion if the proposal is in order

There is no doubt the purpose for which the lands are proposed to be acquired is a public purpose And since the H^C Council pay in the first instance the Cost of acqn out of the H^C fund, there is no legal objn to the acqn being made under the L A Regn It need not be mentioned in the declaration statement that the acqn is for a Roman Catholic School building - "In respect of a school building is sufficient

The change is made in the draft notification
